This is a colonial-style treasure with features money can't buy! Forget modern interpretations of rustic design - this the real thing! One of Blacktown's oldest homes, packed with character, a magnificent blend of times-gone-by and contemporary style, it sits on a generous corner block that will appeal to professionals as well as homebodies seeking a cosy nest.

Offering features you won't ever see in modern homes (including plumbed wash basins in bedrooms!) it has great wall space, high ceilings, great sized, easy-flowing rooms, and enough balcony, veranda and pergola space to make hosting a treat! In addition, the private rooms are double-sized. The home was built almost 200 years ago with local sandstock brick. This is a prime serving of cherished real estate with close proximity to all the best services the area has to offer!
